

POINTS	PROJECT CATEGORY	COMMENTS
1-3	D project	A smaller, local project with a project manager who refers to a line manager. The group's project portfolio management is not involved.
4-6	C project	A medium-sized project with a project manager who refers to a divisional manager. The group's project portfolio management is not involved, but as the divisional managers are members of the group's project portfolio management, they must ensure the relevant interchange of knowledge and experience.
7-10	B project	A very important project that is under the group's project portfolio management.
11-15	A project	A critical project that has top priority. Under the group's project portfolio management.
